Truman Medical Center Lakewood: A place like no other

Truman Medical Center (TMC) Lakewood is a full-service medical campus featuring a spacious, community hospital and long-term care center. Located in the rolling hills of Eastern Jackson County, Mo., TMC Lakewood offers patients state-of-the-art medical services in a special healing environment.

TMC Lakewood is part of Truman Medical Centers, an academic healthcare system providing accessible, state-of-the-art healthcare to everyone in our community, regardless of the ability to pay. TMC is a not-for-profit, 600-bed, two acute-care hospital health system, the largest and most comprehensive safety net healthcare provider in Jackson County and Kansas City, Mo.

It’s All About Feeling Better

From the enhanced natural lighting, which promotes healing … to the architectural design that eliminates harsh angles, for a softer, more therapeutic environment … to entrances and exits carefully planned to provide patient privacy … TMC Lakewood is designed around the central belief that it’s all about getting better.

Whether TMC Lakewood cares for patients in its Intensive Care Unit with peaceful views, in its Emergency Department that is centered around the patient’s needs, or in a comfortable, five-star patient room … TMC Lakewood provides the highest possible standard of patient care.

TMC Lakewood proudly serves the healthcare needs of Eastern Jackson County. Its spacious medical campus features:

- A 145-bed primary care community hospital
- A 188-bed fully accredited long-term care center, which includes an Alzheimer’s and Dementia Unit and an award winning intergenerational program
- The Lakewood Family Birthplace, a new, 19 room labor/delivery/recovery/postpartum (LDRP) center with all the amenities expected by new moms. The center includes two dedicated C-section suites.

“TMC Lakewood has great care and great care-givers.”

– comment from a patient
