Truman Medical Center Lakewood: A place like no other

Truman Medical Center (TMC) Lakewood is a full-service medical campus featuring a spacious, community hospital and long-term care center. Located in the rolling hills of Eastern Jackson County, Mo., TMC Lakewood offers patients state-of-the-art medical services in a special healing environment.

TMC Lakewood is part of Truman Medical Centers, an academic healthcare system providing accessible, state-of-the-art healthcare to everyone in our community, regardless of the ability to pay. TMC is a not-for-profit, 380-bed combined, two acute-care hospital health system, which is the largest and most comprehensive safety net healthcare provider in Jackson County and Kansas City, Mo.

It's All About Feeling Better

From the enhanced natural lighting, which promotes healing ... to the architectural design that eliminates harsh angles, for a softer, more therapeutic environment ... to entrances and exits carefully planned to provide patient privacy ... TMC Lakewood is designed around the central belief that it's all about getting better.

*“TMC Lakewood
has great care and
great care-givers.”*

– comment from a patient ■

Whether TMC Lakewood cares for patients in its Intensive Care Unit with peaceful views, in its Emergency Department that is centered around the patient's needs, or in a comfortable, five-star patient room ... TMC Lakewood provides the highest possible standard of patient care.

TMC Lakewood proudly serves the healthcare needs of Eastern Jackson County. Its spacious medical campus features:

- A 103-bed primary care community hospital
- A 212-bed fully accredited long-term care center, which includes an Alzheimer's and Dementia Unit and an award winning intergenerational program
- A \$38 million, 175,000 square-foot expansion built with environmentally-friendly materials, such as hypoallergenic paint, carpet and window glass that maximizes natural lighting

- Four outpatient/inpatient surgical suites
- An Emergency Department, set in an environment that minimizes stress and increases comfort and privacy
- An Intensive Care Unit with leading edge technology
- A Surgery Center designed to accommodate state-of-the-art equipment and online technology
- Thirty-four private inpatient rooms designed around the patient's comfort
- Access to TMC's \$40 million investment into new technology
- Primary care clinics in Raytown and Grain Valley
- Primary Care, obstetrical and gynecological services for women of all ages
- TMC Lakewood Dental Clinic, one of the largest public dental clinics in Missouri
- A new birthing center, expected to open in 2011, will replace the current H & R Block Birthing Center. This 19,000 square foot unit will offer families 19 private LDRP rooms with all the amenities expected by new moms.
